# ILMA UNIVERSITY: NURTURING COMPASSION AND UNITY IN PURSUIT OF SDG 2 – ZERO HUNGER

In its relentless commitment to the United Nations Sustainable Development Goal (SDG) 2, “Zero Hunger,” ILMA University has once again exemplified its dedication to social responsibility and community welfare. On the auspicious evening of Friday, April 15, 2022, ILMA University’s Gulshan campus became the stage for a heartwarming Iftar Drive. This initiative, fueled by the spirit of Ramadan, was a testament to the values of unity, generosity, and compassion.

The Iftar Drive garnered an overwhelming response from the university’s students and faculty members, who, with boundless enthusiasm, wholeheartedly embraced the opportunity to make a positive impact. Their active participation underscored their deep sense of responsibility

toward the community and a genuine commitment to alleviating the plight of the less fortunate during the sacred month of fasting. In this endeavor, ILMA University not only fostered compassion and unity but also resoundingly declared its dedication to the cause of Zero Hunger.

## SDG FACTS

Ranked 2nd among private universities in Pakistan for SDG 2 (Zero Hunger) by submitting data along with 28 other universities out of a total of 72 universities in Pakistan.

# ILMA UNIVERSITY'S COMPASSIONATE FOOD CAMPAIGN ILLUMINATES LIVES IN ILYAS GOTH KORANGI

ILMA University, a trailblazer in academic excellence, once again demonstrated its commitment to making a positive impact in the community by organizing a heartwarming Food Campaign in collaboration with Pak Volunteers Abdul Latif Samoo, a selfless NGO founded by dedicated ILMA University students.

Taking place on Sunday, April 24, 2022, in the heart of Ilyas Goth Korangi, Karachi, the Food Campaign was a manifestation of ILMA's enduring dedication to serving the less fortunate and spreading the spirit of compassion and unity during the holy month of Ramadan. This campaign not only provided essential nourishment but also underscored ILMA University's resolute commitment to SDG 2 - Zero Hunger.

## SDG FACTS

Ranked as the number 1 private university in the province of Sindh for SDG 2 (Zero Hunger).

# ILMA UNIVERSITY'S SUSTAINED COMMITMENT TO ZERO HUNGER

ILMA University, known for its dedication to social responsibility and community welfare, remains steadfast in its mission to tackle the global challenge of hunger. On Friday, April 15, 2022, the university organized a heartwarming Iftar Drive at its Gulshan campus, an event that exemplified the institution's values of unity, generosity, and compassion, often associated with the blessed month of Ramadan.

This initiative garnered an overwhelming response from both students and faculty members, who passionately joined hands to support this noble cause. Their active involvement not only highlighted a profound sense of responsibility toward the community but also a genuine commitment to alleviating the hardships faced by the less fortunate. In this ongoing

dedication, ILMA University illuminates the path toward achieving SDG 2 - Zero Hunger.

## SDG FACTS

Demonstrated a commitment to addressing food insecurity and hunger-related issues within the university's community and beyond.

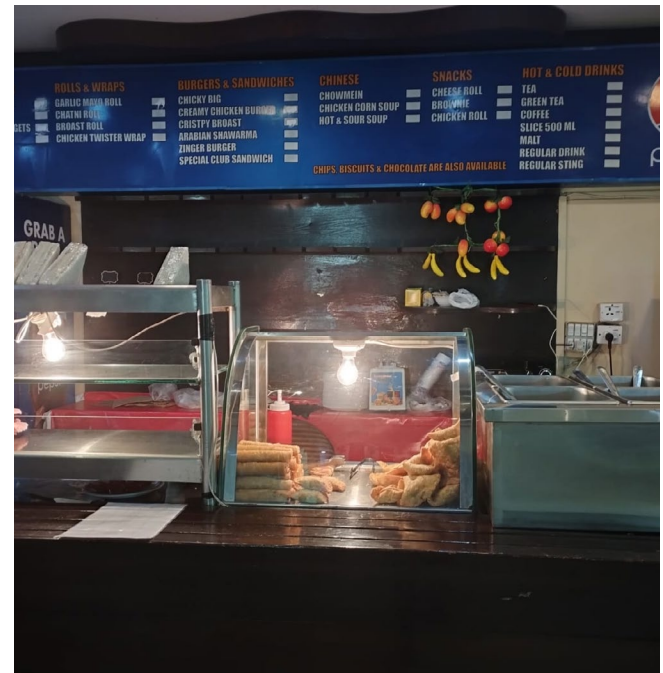

# ILMA UNIVERSITY'S SUSTAINED COMMITMENT TO ZERO HUNGER

ILMA University is proud to announce the establishment of its Campus Food Pantry, a groundbreaking initiative aimed at combating food insecurity and contributing to the achievement of the United Nations Sustainable Development Goal (SDG) 2 - Zero Hunger.

In recognition of the pressing global issue of food insecurity, ILMA University has taken a significant step forward in support of its commitment to sustainability and social responsibility. The Campus Food Pantry, which officially opened its door, is a vital resource designed to ensure that no student goes hungry while pursuing their education.

The Campus Food Pantry is a testament to ILMA University's dedication to addressing the challenges associated with hunger. It provides a welcoming and stigma-free environment for students who may be facing food insecurity. Here, students have access to essential food

items, including non-perishable goods and fresh produce, ensuring that their nutritional needs are met.

# ILMA STUDENT FOOD BANK'S REMARKABLE 2022: NOURISHING OVER 1,000 STUDENTS AND DISTRIBUTING 20,000 POUNDS OF FOOD

ILMA University established the ILMA Student Food Bank, pioneering a student-run initiative that was the first of its kind in the nation. This innovative endeavor was driven by a profound commitment to assist students facing the challenges of food insecurity. Food insecurity is a condition characterized by limited access to quality and diverse food, often resulting in disrupted eating patterns, and it can pose a significant barrier to academic success.

The ILMA Student Food Bank operates as a non-profit organization, relying on financial support to offer year-round assistance to ILMA students. Through a strategic partnership with the Greater Lansing Food Bank, the ILMA Student Food Bank can acquire food at reduced costs, significantly extending the impact of donations. With minimal overhead

expenses, the Food Bank maximizes the value of each dollar.

Over the course of the year 2022, the ILMA Student Food Bank continues its vital mission, serving over 1,000 students, many of whom have families, and distributing over 20,000 pounds of food. This ongoing commitment to student welfare and the fight against food insecurity underscores ILMA University's dedication to ensuring every student has the support they need to achieve academic success.

# ILMA UNIVERSITY EMPOWERS LOCAL FOOD PRODUCERS WITH SEMINAR ON AGRICULTURAL TECHNOLOGY

ILMA University, a leader in education and community involvement, is excited to announce its upcoming seminar aimed at equipping local food producers with the latest technological advancements and knowledge. This event underscores the university's commitment to enhancing the local agriculture and food production sectors.

Scheduled under the title "Transforming Agriculture: Technology for Local Food Producers," the seminar is set to take place on 2nd July 2023 at ILMA University's campus, located at Korangi Creek Karachi. The primary goal of this seminar is to bridge the gap between traditional farming practices and modern technological solutions, empowering local food producers with essential skills and insights into how technology can elevate production, efficiency, and sustainability.

Key features of the seminar include presentations and workshops delivered by industry experts in agriculture technology, sustainable farming, and aquaculture. Attendees will have the opportunity to explore the latest innovations and tools in the agricultural and food production industry through a technology showcase. Practical demonstrations and interactive sessions will enable participants to gain hands-on experience with technology applications relevant to their operations, fostering an environment of experiential learning.
